

# Research on Environmental Disruption

Volume 48 Number 3 WINTER 2019

Edited by Takehisa AWAJI, Shun'ichi TERANISHI and Sachihiko HARASHINA

## CONTENTS

### RELAY ESSAY

Let's Stop the 'Historical Discrimination' Against Okinawa.... Ken'ichi MIYAMOTO 1

### The Epidemiology of Minamata Disease

- |   |                    |    |
|---|--------------------|----|
| 1. Introductory Remarks.....  | Ryoichi YOSHIMURA  | 2  |
| 2. The Difficulty of Winning Relief for Minamata Disease Victims .....                        | Takehisa AWAJI     | 3  |
| 3. Why No Resolution for Minamata Disease? How Toxicosis Is Usually Diagnosed.....            | Toshihide TSUDA    | 7  |
| 4. The Significance of Epidemiological Proof for Causality: Trend in Legal Precedents.....    | Tomomichi WATANABE | 13 |
| 5. The Significance of Epidemiology in Judging Minamata Disease Causality.....                | Ryoichi YOSHIMURA  | 19 |
| 6. No More Minamata Lawsuit: Its Challenges and the Problem of Epidemiological Causality..... | Kunihiro YOSHIDA   | 25 |

### Round Table Discussion

- |   |                     |    |
|---|---------------------|----|
| 7. On the Epidemiology of Minamata Disease..... | Shoto SONODA et al. | 29 |
|---|---------------------|----|

### Great East Japan Earthquake and the Nuclear Power Accident (Series 33):

#### Loss of Home: State of Damage and Assessing Loss

- |   |                   |    |
|---|-------------------|----|
| 1. Introductory Remarks.....  | Masafumi YOKEMOTO | 38 |
| 2. The Rationale and Harm of Voluntary Evacuation .....   | Yoshihiko KURODA  | 39 |
| 3. The Right to Live in Place: Tsushima Nuclear Plant Lawsuit and 'the Loss/Deprivation of Home' .....                      | Reiko SEKI        | 45 |
| 4. Nuclear Accident-Caused Anxiety and Community Division: The Essence of Accident Damage Outside of Evacuation Zones ..... | Woncheol SUNG     | 51 |
| 5. 'Home Deprivation' Arising from the Fukushima Accident: The Uniqueness, Inside Story, and Loss Estimate.....             | Masayuki OMORI    | 58 |

### ARTICLE

- |  |                   |    |
|--|-------------------|----|
| Contemporary Difficulties Facing Pollution-Devastated Localities, with Minamata City as an Example ..... | Masafumi YOKEMOTO | 64 |
|--|-------------------|----|

### BOOK REVIEW

- |  |                 |    |
|--|-----------------|----|
| Ken FUJIKAWA, Masafumi YOKEMOTO, ed., <i>Why Are There Repeated Events of Radioactive Contamination? Bringing Together Local Experiences</i> ..... | Seiichiro HASUI | 71 |
|--|-----------------|----|

## 編集後記

水俣病裁判では長年、大規模公害訴訟においては大きな役割を果たしてきた疫学的証明の有効性が認められてこなかった。特集①ではその「壁」を打破する本格的な特集を組んだ。特集②では、原発事故被害の特徴とも言える「ふるさと喪失／剝奪」被害の実態把握と損害評価に正面から取り組んだ。なお、本誌は定期的に投稿論文を募集しており、第57回投稿論文募集受付期間は2019年4月18日～24日である。詳細は <http://www.einap.org/kogaiken/> を参照されたい。
